

Annual Budget Process

The City of Durham's annual budget process is the framework for communicating major financial operational objectives and for allocating resources to achieve them. This process is a complex undertaking involving the whole government. The process begins in October and runs until the end of June. By state law, the City must adopt an annual budget ordinance by June 30 of each year. Coordination of the process is essential to the building of the budget. To achieve coordination, a calendar of activities is summarized on this page.

Once the budget is approved, the focus of the budget becomes control. Ongoing monitoring of expenditures and revenues throughout the year is a responsibility shared by department heads and the Budget Department. The Accounting Services Division ensures that changes are correctly entered and payments are appropriate.

The Budget and Management Services Department reviews all requests from departments to make sure that sufficient appropriations have been budgeted. All funds are reviewed on a regular basis, and a budget report is submitted to the City Council on a quarterly basis.

The City Manager has the authority to transfer budgeted amounts between departments within any function. However, transfers between functions, additions or deletions require a budget amendment. To amend the budget, a revised budget ordinance must be approved by the City Council.

The Adopted Ordinances and Resolutions will be included in the final Budget Book.

PERTINENT FACTS ABOUT DURHAM, NORTH CAROLINA

MUNICIPAL GOVERNMENT IN DURHAM

Durham, North Carolina is located in North Carolina's eastern Piedmont to the northeast of the state's geographical center. Located at 36 degrees north latitude and at 78 degrees 55 minutes west longitude, Durham is the fourth largest city in the state, the county seat, and the only municipality in Durham County. The City takes pride in its educational, cultural, athletics, and medical assets.

Durham was first named in 1851 when a postmaster was appointed for the area and the name Durhamville was used. The town's name originated from the family name of Dr. Bartlett Snipes Durham, who at that time owned several acres of land in what is now downtown Durham. The town's first step in becoming a major city came in 1854 when the North Carolina Railroad Company decided to locate a station in the town. The station was built on four acres of land owned by Dr. Durham near what is now Corcoran Street. The North Carolina General Assembly incorporated Durham in 1866 and again in 1869 after Congress invalidated the governments of the old Confederacy.

A significant piece of United States history took place in Durham. Due to a disagreement between plantation owners and farmers, North Carolina was one of the last states to secede from the Union. Durham residents fought in several North Carolina regiments. Seventeen days after General Lee surrendered his army at Appomattox, General Sherman and Confederate General Johnston negotiated the largest surrender of confederate troops and ended the Civil War at Bennett Place in Durham.

Area and Population

Durham covers an area of 108.23 square miles. The estimated population of 233,769 includes a rich diversity of racial and ethnic backgrounds.

City Government

The City of Durham has operated under the Council-Manager form of government since 1921. Durham City Council is comprised of seven members: three members from specific wards, three at-large members and the Mayor. The terms for the City Council seats are staggered, and nonpartisan elections are held every two years. The ward members elected in 2009 serve a four-year term. The at-large seats filled in 2011 are serving a four-year term. The Mayor is elected for a two-year term. City Council is the legislative and policy-making body for Durham and is the final authority on most matters relating to the City. The Council is responsible for establishing general policies for the City: appointing the City Manager, City Attorney, City

Clerk and members of various boards and commissions; enacting ordinances, resolutions and orders; adopting the annual budget; and authorizing contracts on the City's behalf. The City Council convenes its regular business meeting every first and third Monday at 7 p.m. in the Council Chambers of City Hall (101 City Hall Plaza). The meetings are open to the public and can also be viewed on cable channel 8. Work sessions are held two Thursdays preceding its regular business meeting to receive information briefings

and presentations. The work session is held at 1:00 p.m. in the Council's Committee Room (2nd floor City Hall). Citizens Matters are held during the work session at 1:00 p.m.

The Mayor serves as presiding officer of the City Council and votes on all matters that come before the body. The Mayor also appoints standing and special committees of the Council, unless the Council votes to elect such committees. As the official head of city government, the Mayor represents the City on ceremonial occasions. The City Manager is the administrative head of city government and is responsible for the efficient management of the City operations. The Council appoints the Manager who ensures the ordinances and policies set by Council are carried out. The Manager is also responsible for preparing the annual budget and for supervising city departments and personnel (except the City Attorney's and City Clerk's offices). As an employee of the City Council, the Manager normally attends all Council meetings.

City Government services are headquartered at Durham City Hall in downtown Durham. Service facilities including police, fire stations, recreational facilities, water and wastewater facilities and public works operations can be found throughout the community.

There are also restored buildings and gardens, designed to give visitors an accurate picture of life as it was in the heyday of this once-thriving mill community. The restored McCown-Mangum House is a visitor center and small museum. Special activities sponsored by the "Eno River Association" are held at the park site on July 4th each year. The area is open year-round to the public daily, 8 a.m. to dark, free of charge. www.ci.durham.nc.us/departments/parks/parks.cfm
